# Daly City Record

Daly City—Gateway to The Peninsula One of the Most Rapidly Growing And Developing Cities In Northern California

BLISHED THURSDAY | DALY CITY, SAN MATEO COUNTY, CALIF., THURSDAY, SEPTEMBER 23, 1948 | VOL. 45, NUMBER 34

## HURCH FESTIVAL AND CARNIVAL LATED FOR OPENING NEXT FRIDAY

**'Don't make any plans for xt week end — we're all going the Festival and Carnival!"**

hat was the by-word of hunds of Daly City-ites this week he deadline drew near for the ntic festival and carnival to held at Our Lady of Perpetual p School on Wellington avenue t Friday, Saturday and Sunday, ober 1, 2 and 3.

With prizes galore in store for festivities, arrangements were ng completed this week for dection of the school area, across n the city hall. A western theme prevail.

Thousands of visitors are exted to visit the grounds during three-day festival. To many it l be the first inspection of the dern, new parochial school ich was completed less than two rs ago. Carnival antics will atct children in droves. Practicalevery parishioner counts on nging two friends to the event.

**The affair, which started as an nual bazaar seven years ago, s been a mounting success ch year. Proceeds will help pay r the new school building, hich now accommodates 460 ementary school children and eatly relieves crowded conditons in the public school district.**

Daly City merchants are backthe festival one hunderd per t, according to Father William wart, who organized the 1948 gram in cooperation with citis' groups.

Merchandise on display includes brand new 1948 De Soto Fouror Sedan from the James E. nahue showrooms and a Bendix me Laundry and Sparton Radiognograph from Anderson's Reeration and Appliance store.

n charge of booths will be the lowing: Ham, Robert Crooker d Robert Lucier; grocery, Mrs. nk Garcia and Mrs. Arthur yden; cake, Mrs. Fred Klinger; estment, Mrs. George Calegari; scellaneous, Mrs. Tony Ricci; wer, Mrs. Frank Garibaldi; ndy, Hans Schroeder; children's, s. Frank Lamendola, Mrs. Hen- Barone; refreshment, Mrs. orge Rode; games, Holy Name ciety; dinner, Mrs. Christine chelson and Mrs. Margaret ele.

An 85-cent spaghetti and meatl dinner will be served Saturday rting at 5 p.m., and a ham din-, at $1.50, will start Sunday at .m.

### Portola Procession

**The Portola Trek, strung out and attired in the garb of Don Gaspar De Portola's followers, wends its way through a southern California valley on its 108-day trip from San Diego to San Francisco. The trek hits Daly City on October 16.**

## Stage Presentation And Flowers To Be Featured At The San Mateo County Fiesta Opening Friday

In the presence of several hundred spectators, George Lagomarsino, Fiesta president, officially turned over the new $500,000 Fiesta Exposition building to the San Mateo county board of supervisors Sunday. The building, erected with funds from the parimutuel earnings of the California thoroughbred racing industry and with profits from past Fiestas, was without cost to San Mateo county taxpayers.

The San Mateo Fiesta and Flower Show will officially open Friday at 7:30 p.m. and will continue through October 3.

Nationally famous stars of stage, screen and radio will appear in three separate stage presentations at the Fiesta, according to Norvell Gillespie, managing director. The $1 admission charge will entitle visitors to see nightly shows without further payment.

The 10-day affair will have a complete new show every three days, Gillespie said, with such stars as MGM's singer, Helen Forrest, night club artists, jugglers, acrobats, and musicians.

Main feature of the world-famous county show will be the flower show, at which hundreds of varieties grown in San Mateo county will be displayed. Prize gardens from various locations in the county have been reproduced on the Fiesta grounds by landscape gardeners and artists.

### SAVE A LIFE

Under modern traffic conditions it's the responsibility of every motorist and every pedestrian to be his own life guard, the California State Automobile Association points out.

## EAGLES CELEBRATE FATHERS AND SONS NIGHT THURSDAY

Father and Son Night will be celebrated by the Colma - Vista Grande Aerie, Fraternal Order of Eagles, next Thursday night at Eagles Hall, 3346 San Jose avenue.

A committee composed of Roy Allain, Gus Ford, Dave Cafferetta, R. Calvert, D. Alexander, Frank Davidson, William Kennedy, Emil Bertelli, John Patton and President Lagomarsino has rounded out a program of fun, entertainment and refreshments aimed to please both kids and dads.

Starting at 7:30 p.m., the program will include Pacific Coast League baseball celebrities and motion pictures of baseball and football contests, including a reel on the 1947 World Series.

## SCHEDULE FOR PORTOLA TREK

FRIDAY, SEPTEMBER 24

Break camp at Gonzales at 8 a.m. for trek to Salinas via U.S. No. 101. Distance 17 miles. Campsite and ceremony time and place being arranged by Fred Tatton, secretary of the Chamber of Commerce.

SATURDAY, SEPTEMBER 25

Break camp at Salinas at 7 a.m. for trek to Monterey via State Highway. Distance 20 miles. Rest stop at Laguna Seka about 9:30 a.m. and MUST arrive in Monterey at 12 noon to participate in parade starting from Custom House. Campsite at Colton School grounds (Pacific street and Logan lane — Mr. Bines). Ceremony at high school stadium at 5 p.m.

SUNDAY, SEPTEMBER 26

Leave Monterey camp at 9 a.m., trek 6 miles over hill to Mission Carmel and present ceremony, followed at 11 a.m. by military mass. Return to Monterey camp. Five o'clock buffet supper at Hotel San Carlos. W. J. Crabbe, Fred Horne and Guy Curtis in charge.

MONDAY, SEPTEMBER 27

Break camp at Monterey at 9 a.m. for trek to Castroville via S.H. No. 1. Distance 14 miles. Campsite and ceremony under the direction of Randolph Smith.

TUESDAY, SEPTEMBER 28

Break camp at Castroville at 9 a.m. for trek to San Juan Bautista, distance of 18 miles. Campsite on Mission grounds, ceremony same. Time of ceremony not yet set.

WEDNESDAY, SEPTEMBER 29

Layover at San Juan Bautista. May present ceremony this day.

THURSDAY, SEPTEMBER 30

Break camp at San Juan Bautista at 9 a.m. for trek to Gilroy via S.H. No. 156 and U.S. No. 101. Distance 13 miles. Ceremony at either ball park or rodeo grounds at 6 p.m., followed by a barbecue. George Milias and William Corsiglia in charge.

FRIDAY, OCTOBER 1

Break camp at Gilroy at 8 a.m. for trek to Watsonville via S.H. No. 156, stopping at crest of Hecker Pass for lunch. Entire distance 20 miles. Upon arrival at Watsonville will parade to Plaza for ceremony at 4:30 p.m., then to Parajo River commemorative plaque for dedication. Ed Baker in charge.

(Continued on page 4 Col. 1 )

## PRO AND CON
### Both Sides of Westlake Picture

## PROPONENTS OF ANNEXATION FORM CITIZENS' COMMITTEE TO CAMPAIGN FOR APPROVAL OF ORDINANCE NOV. 2

A greater and more prosperous Daly City with far-reaching benefits for the citizens will result from the annexation of the Westlake subdivision to the territorial boundaries of the city, it was pointed out by a group of residents this week as they laid plans for organizing a citizens' committee to campaign for approval of the annexation ordinance at the election on November 2.

Rallying behind Mayor A. J. Gaggero and councilmen Paul Green, Fred Bertetta and Edward J. Mooney, who are on record in favor of annexation, the group expects to complete formation of the committee by early next week and to conduct an aggressive drive to acquaint the voters with the advantages of the program.

Already, they reported that many representative men and women in the community have gone on record in favor of voting "Yes" on the annexation ordinance. The proponents are firmly convinced that now is the time that Daly City must forge ahead and increase its size and county influence, or drift backward and be forgotten as far as prestige and recognition are concerned.

The fact that adjacent cities, including San Mateo, Burlingame, San Bruno, South San Francisco, Hillsborough, San Carlos, Redwood City, and even the newly incorporated city of Millbrae have reached out, and are reaching out farther to obtain more land by annexation is an added incentive to vote for increasing the size of Daly City by taking in Westlake, according to the proponents.

Mayor Gaggero sounded the keynote of the annexation campaign when he declared that "Daly City has come to the crossroads of its existence.

**"Either Daly City must grow in size," said the mayor, "by extending its boundaries to the western section of our present city limits, which is a natural and logical development, or it will be strangled by the cities expanding around it.**

**"We have the unusual opportunity of enlarging our corporate area by 432 acres and adding more than 2,500 detached homes and making Daly City the largest city in northern San Mateo county.**

**"It means that millions of dollars in property values will be added to the assessment rolls to lower taxes.**

"The city will not pay one cent for this annexation. Instead, we will receive innumerable benefits for our people, and the city will exercise complete control over this important residential area.

"There will be expanded school, recreational and water facilities, made available to our people. The developer has pledged, in a written and binding agreement with the city council, to grant to the city, without charge, a site for a new water reservoir in the annex.

"Likewise, he has offered the city an option on ten acres of land for park purposes at what real estate experts agree is an extremely low price and far below the actual market value.

"He will also install streets, sidewalks, curbs and gutters, sewers, electroliers, water system, hydrants and fire alarm system in Westlake, all at no expense to Daly City.

"The new area, when built up, will be a section of which present residents of Daly City can well feel proud, I know. It means much to the future of our citizens and their families. It means expansion and progress for Daly City. For we must go ahead and nothing can stop progress.

"I urge all our citizens to vote "Yes" on the annexation ordinance on November 2."

The Westlake Annex runs parallel to the Alemany boulevard between Junipero Serra and Skyline boulevards, taking in territory on both sides of Alemany. The first section to be developed will consist of some 800 new detached homes.

## FRED KLINGER HEADS ANNEXATION STUDY COMMITTEE TO INVESTIGATE CONDITIONS OF WESTLAKE PLAN

A citizen's committee to be known as the Annexation Study Committee has been formed to investigate the facts pertaining to the Doelger annexation.

This annexation was approved in an ordinance recently adopted by the majority of the City Council, after which a group of citizens, led by councilman Melford D. Battye circulated a petition to have the council place the issue on the November 2nd ballot.

Whereas it was necessary that there be 634 names on the petition, it was signed by 931 voters.

The petition was certified by the City Clerk as valid and now all citizens of Daly City will have an opportunity to express themselves in a democratic manner on this highly important question at the general election.

The officers are President Fred Klinger and Secretary Hugh Smith, jr. Mr. Klinger has been a resident of Daly City for over 30 years and Mr. Smith is a former city councilman.

**President Klinger in his acceptance speech to the Annexation Study Committee stated, "It is indeed a pleasure to serve in the capacity of President of this organization. I know that each and every one of us is intensely interested in the future welfare of Daly City.**

"The Doelger annexation has many sidelights that should be presented to the voters. It is our duty to inform them not only of the rosy side but also present the bad points connected with the deal. This we will do.

"Every statement pro and con will be backed by facts, not fiction.

"Progress and growth for our city, is a trite phrase, meaningless and general in its application.

"I have the utmost faith in the intelligence of our voters to determine the course of Daly City's future after they are properly informed."

### JUDGE SWEENEY GIVES HIMSELF 14 DAYS . . . VACATION, THAT IS

After a two-week vacation at his country place in Rio Nido on the Russian River, Judge William Sweeney is back on the job and will hold court Friday, at 2 p.m.

According to the judge, he did all the regular vacation activities—swimming, fishing, golfing, etc.

The judge's wife, son and daughter-in-law are remaining at the River for another two weeks.

### HILLSBOROUGH BANS PENINSULA HOSPITAL

Unanimous action by the Hillsborough city council last week against construction of the new Peninsula hospital within the city limits, made it appear that directors of the hospital district would have to look for another site. The Mills estate has offered a location in Millbrae which will probably be utilized.

Hillsborough officials said they would fight the matter for years in the courts, if necessary, to keep the hospital out of town and to keep Hillsborough strictly a residential community.

### POLICE BALL SUCCESS

A crowd of approximately 9,000 people jammed the Bay Meadows clubhouse Saturday night for the annual Peninsula Peace Officers Ball. Two orchestras, led by Vern Vincent and Dan Love, played for the crowd on two separate dance floors.

### Lewkowitz Wins Bubble Gum Title At Lions' Picnic Last Sunday

Joe Lewkowitz, with an eight-inch bubble that would have done justice to any third grader, won the "bubble gum" championship in handy fashion at the Lions picnic Sunday at Oak Cove Park. Other gum contestants were Judge Jack Fahey, County Tax Collector Ralph MacArthur, Ed Byrne, James Snell and Dr. Herbert Grieb.

A total of 63 attended the Lions outing, and all were well pleased with spare ribs and steaks broiled by chef Elton McGraw.

### Woodrow Wilson PTA To Start Soup Canteen

Woodrow Wilson Parents and Teachers will sponsor a soup canteen for those children who carry their lunch to school, it was decided at a PTA meeting Tuesday. Soup or hot chocolate will be provided at noon time during the winter months. A committee under Mrs. William Cheatham is working out plans for management of the canteen.

The group meets every Tuesday at 1:30 p.m. for refreshments, with a business meeting following at 2 o'clock.

A "Father's Night" is planned by the organization for October 19.

The Woodrow Wilson group will hold a reception honoring Mr. and Mrs. James Snell, new superintendent of schools, on October 1 at 8 p.m. in the administration building at 344 Santa Barbara avenue. The public is invited to attend.

## REDUCED SPEED ON JUNIPERO SERRA HINTED BY COUNCIL

When the city council meets Monday night at the city hall, another annexation is expected to be initiated with introduction of an ordinance bringing approximately three blocks into the city limits.

The new area, the Garden Valley subdivision, will add some 160 new homes to the tax rolls on unincorporated area lying south of Market street, between El Camino Real and Hillside boulevard. Frank Garibaldi and Mario Pendola of Colma have formed a corporation for development of the project.

Other items on the agenda for Monday's meeting will be consideration of the traffic problem on Junipero Serra boulevard. The council has already made arrangements for installation of traffic signals at the Junipero Serra-School street intersection, but actual installation of the equipment is in the hands of engineers of the 10th Highway district.

Having received legal advice that it is within the council's power to regulate the speed limit on the highway, Mayor A. J. Gaggero said a traffic survey performed by the local police department has resulted in a recommendation that the speed limit on Junipero Serra boulevard be reduced to 35 miles per hour. Present limit is 55 miles per hour. With development of a business area near the School street intersection, lower speeds are required for traffic safety.

Also up for consideration Monday will be a recommendation by the Civil Service Board of Review to keep eligible lists of candidates for city positions open for four years. Present rules hold the lists open for only one year. If adopted by the council, existing lists of applicants would automatically be extended for a four-year period.

## GROUPS MEET TUESDAY TO PLAN CELEBRATION

After a poorly-attended meeting Monday at the city hall council chambers, representative Daly City merchants have secured the cooperation of the city recreation committee in making arrangements for a two-day centennial celebration here on October 15 and 16 to welcome the Portola Trek horsemen, who pass through Daly City on October 16.

**Another meeting is scheduled for next Tuesday, September 28, at the city hall, with all merchants, civic, service and fraternal groups invited to attend. The meeting will start at 8 p.m.**

The merchants have already planned to decorate Mission street with banners and streamers, and it is planned to have the Portola horsemen stop at the high school for presentation of an hour-long program on October 16. Daly City will be the last stop for the horsemen before ending their 108-day trip from San Diego to San Francisco. Every community on the route has arranged a welcome for the procession as it marched northward on the route followed by Don Gaspar De Portola 179 years ago.

All Daly City organizations are invited to be represented Tuesday night when arrangements will be made for a Centennial Ball at the high school on the day the Portola trek arrives.

The recreation committee will help coordinate the efforts of citywide groups in putting on a celebration that is hoped to outdo the successful May Day parade held here last spring.

### PTA HEAD

**Mrs. John Sorensen, president of the Woodrow Wilson Parent-Teachers Association.**

### SERGEANTS SWITCHED

A switch in the assignment of police sergeants was announced last week by Police Chief W. W. Sunderland. Sgt. Rico Benedetti, formerly boss of the graveyard shift, now handles the 9 a.m. to 5 p.m. assignment, being replaced on night duty by Sgt. Roy Beecher.

Benedetti had been on the 1 to 9 a.m. shift for the past year. No other personnel changes are contemplated at this time, Sunderland said.

## SIX COASTSIDE COMMUNITIES PLAN TO FORM NEW CITY OF HALF MOON BAY

Incorporation of six coastside areas into a single sixth class city with a population of more than 5,000 appeared possible after a meeting at Half Moon Bay last Tuesday. The six communities represented were Montara, Moss Beach, the Half Moon Bay Airport, Princeton, El Granada and Half Moon Bay.

A committee with representatives of the six communities was formed at the meeting to agree on definite boundaries for the new city.

Harrison Call, former state assemblyman from San Mateo county, led the discussion for incorporation. Committee members are Mervyn Rathborne, Half Moon Bay; Margaret E. Kyne, Moss Beach; Frank Bertolocci, Moss Beach; James Healy, Princeton; George Kerr, El Granada; James Eason and H. A. Radford, Miramar; Dante Dianda, coastside rancher, and Lewis C. Toberlin and Nick De Meo of Half Moon Bay.

Adopting a motto of "better government by self government" the committee plans to circulate petitions for incorporation. These would later be submitted to the county board of supervisors and a special election would be held in each of the communities to decide the wishes of the voters in the area. The proposed new city would include an area of approximately 14 square miles and would make the city the fourteenth in San Mateo county.

The committee adopted a declaration naming seven points on why the incorporation would benefit the area:

1. It would enable the coastside area to govern itself locally, through representatives who are coastside residents elected solely by coastside voters.
2. It would make possible new industry, payrolls and residents.
3. It would give the area the right and power to adopt its own planning and zoning rules and insure orderly development of the area.
4. Better streets, roads, police and fire protection would result.
5. Provide additional sources of revenue.
6. Bring community pride and local opportunities.
7. Enable control of sanitation and policing of public beaches.

Most of the area is now unincorporated and therefore is under the direct administration of the county board of supervisors.

## Health Director Urges Expansion Of County Hospital

Warning that Community hospital in Belmont is going to have to be expanded — and soon — Dr. Harold D. Chope, county health director, has recommended an immediate study to determine a "master plan" for the expansion.

Dr. Chope urged enlarged patient facilities at Community, with additional surgical facilities urgently needed. He deplored the fact that the hospital has only one operating room for major surgery and a smaller room for minor surgery. He said a hospital the size of Community should have at least three operating rooms.

**$115,000 ON HAND**

The 25-year-old institution has had only one addition, an east wing, during its existence. Voters in November, 1946, turned down a bond issue for construction of a health center, but did approve erection of a new west wing. The hospital has on hand $115,000 from this election to expand the hospital proper, Chope said.

**The health director advocated a county health center on the 22 acres of county-owned property adjoining the hospital, and said he had a fund on hand of $113,000 to help finance erection of such a center, which would house the laboratory service, out-patient clinic, tuberculosis clinic, venereal diseases clinic, maternal hygiene clinic, vital statistics division and some administrative branches. He suggested a "pay-as-you-go" plan for the development, without resorting to additional bond issues.**

**NEED 1,000 BEDS**

Declaring hat the county should soon have a hospital bed capacity of 1,000, Dr. Chope pointed out that county-wide facilities now are only 541 beds, including private institutions. Community has only 150 beds, exclusive of the annex which has recently been turned back to the county after being leased by Mills Memorial hospital during the war years.

Members of the county health and welfare advisory board voted an immediate study of Dr. Chope's recommendations at a meeting last Wednesday.

### BULLDOZER CLEANS UP NIANTIC 'DUMP' AS POLICE WARN PUBLIC

Residents in the vicinity of North Parkview avenue and Niantic street were happier this week after the city council authorized a cleanup of the city dump area next to Marchbank Park. A bulldozer was employed to fill and level the area with clean dirt.

The area had been used by city employees for the dumping of clean fill, but private parties had been illegally dumping garbage for some time, according to nearby residents.

Police Chief W. W. Sunderland has issued orders to the department for the arrest of any person found using the area as a dumping ground. The police department and county health authorities are cooperating in a drive to prosecute persons dumping rubbish any place in the city limits.

### POSTMASTER FIXA IN VISIT TO DALY CITY

John F. Fixa, postmaster of San Francisco, was a visitor to Daly City yesterday, when he appeared at the local branch post office for an early inspection at 7:30 a.m.

With L. R. Toms, branch manager, Fixa stopped at The Record plant to look over the shop facilities and meet the personnel.

The postmaster said the department is looking for larger quarters for the Daly City post office, but has so far been unable to lease a suitable building.

## Hospital Dance By County VFW Posts Attracts Everyone

Bob Callahan will croon his irresistible songs into the microphone the evening of October 2, couples will glide smoothly over the dance floor — and band leader Ray Hackett will smile genially and wave his baton to the guests who attend the V.F.W. dance held at the Bay Meadows Club House.

The county V.F.W. dance promises to be a gala affair, an evening of dancing fun and wholesome entertainment. Maestro Hackett is sure to chalk up another success on the Peninsula, where he and his music-makers are well known for their danceable and listenable melody renditions. Theirs is a hard combination to beat.

Ray and his band recently concluded a return engagement—brought back by popular demand—at the Hotel Mark Hopkins in San Francisco. Night clubbers for many months have accorded Ray an ovation richly deserved for the melodious pattern of tunes he and his band produce for their dancing pleasure.

Veterans of Foreign Wars posts throughout San Mateo county are sponsoring the dance to be held at the Bay Meadows Club House October 2. It is the first of what is to become an annual event — what is to become a "must" on the list of Peninsula fun - lovers. Proceeds from the affair will be used for hospital relief of sick or wounded veterans of both wars.

V.F.W. posts sponsoring the dance include Old Glory Post 2044, Daly City.

### BASEBALL CHAMPS GET TROPHIES NEXT MON.

Members of the Colma Boys Club championship baseball team will be presented with individual trophies at the city hall following the council meeting Monday night, it was announced by the recreation commission today.

Sponsored by Joseph Sarto, the team includes George Perada, Lee Micheletti, Babe Olcese, Don Lunghi, Babe Ottonello, Jim Silacci, Tito Sarto, Benny Parodi, Don Whol, Howard Heffron, Al Lagomarsino, Don Mossi, Dick Morgan and Ray Settrini.

### Council Ready For Rezoning Of City

Preliminary steps in a rezoning of the entire city have been completed with city council approval of a proposed map prepared by Superintendent of Public Works A. J. Bodien.

Nearly all of the city will be zoned residential, with Mission street, School street and Junipero Serra boulevard mapped out as commercial areas. A few blocks were okehed for second residential construction, flats or apartments.

Existing neighborhood stores and businesses will be granted nonconforming use permits so that the rezoning will not affect established business concerns.

After preparation of maps of Daly City and vicinity the council will authorize the firm of Hahn and Campbell, Burlingame planning consultants, to proceed with an up-to-date zoning ordinance.

Public hearings will be held before adoption of the new ordinance, but no definite steps are expected until after November 2, when citizens will vote on whether or not the Westlake subdivision will be annexed to Daly City.

## It's Done With Mirrors

**Here are the leading five candidates for Queen of the Portola Festival and Pageant, looking at their own victory smiles after the first week's ballots were counted. Voting will continue until October 3. The winner will be crowned Queen and the four runners-up will become princesses.**

**From bottom to top, in the order of their standing on the first ballot counts are: Diane Shinn, exotic Chinese dancer at Forbidden City, 180,000 votes; Ann Bucher, last year's Grand National Livestock Exposition Queen, 161,000; Frances Monterosso, Portola Merchants Association candidate, 43,500; Doris Goetz of the Park-Presidio district, 36,500, and Joy Frankie of the Irving Street Merchants Association, 29,100.**

### ALLAN, 7 OTHERS HARBOR CONTEST

Thomas J. Callan, member of e Jefferson Union High School ard of Trustees, last week took t nomination papers for himself a position on the five man ard of directors for the county rbor district. The county will ct five commissioners on Nomber 2, to govern a $4,5000,000 akwater and harbor project at llar Point, near Half Moon Bay. e 400 acre project will afford otection to small craft and fish-g boats.

A total of seven nominees are pected to vie for the five man ard. Callan was also elected to e Republican central county mmittee last June.

## KIDS AND COPS

Of interest to all communities is the new youth project in San Mateo which has its headquarters right in the police station.

Explaining the purpose of the project, Police Chief Robert O'Brien said "Up to now, our dealings with boys have been limited to 'negative' meetings — when they get into trouble. We thought if we had a way of contacting the youth of the community so there could be a close association between us, then they could learn the value of police work to the community, and we in turn could better understand the boys."

It looks like the chief has something there. A youngster making use of the recreational facilities at the police station is not liable to meet either bad company or trouble. What's more, he'll learn that policemen are friends, not fellows who want to cramp his activities and spoil his fun.

The recreational center was made possible by citizens who gave the funds necessary to buy the equipment.

The San Mateo idea might well be adopted in every community.

## 17TH DISTRICT PTA CONGRESS IN ANNUAL INSTRUCTION SCHOOL

Seventeenth District California Congress of Parents and Teachers held its annual school of instruction at the First Methodist Church in Burlingame last week under the direction of Mrs. C. J. Sirex, director of the department of organization, and Mrs. A. A. Kickbush, director of the department of extension.

Mrs. Russell Scott, state parliamentarian was introduced by Mrs. Kickbush and addressed the group on the policies and procedures. In explaining the work of the organization Mrs. Scott stated, "that we are not alone in our work of child welfare as there are 700,000 members and some 2000 associations in the state of California."

Mrs. J. M. Foley presided for the business session and introduced the guests which included Mrs. Pansy Jewett Abbott, superintendent of schools, San Mateo county.

Mrs. Abbott told the group of the new school, "The Sierra Morena," for mentally handicapped children. Present also was Mrs. William J. Hayes, past state president and district safety committee chairman.

Recommendations were passed that 17th District sponsor the saving of the Butano forest for a state park, provide cookies for the Blood bank, and purchase the film "Human Growth" for use in schools.

## COUNTY RENT BOARD NOW IN BALANCE

Arnold C. Johnson of Millbrae, has been appointed a member of the San Mateo County Rent Advisory Board, according to Henry A. Cross, area rent director. The appointment was made by Tighe E. Woods, national housing expediter.

Mr. Johnson is senior vice-commander of Local Post No. 2068, San Mateo Veterans of Foreign Wars. He will assume his duties as tenant representative at the next regular board meeting which is held in the San Mateo city hall on Monday from 9 to 11 a.m.

According to Cross, more than 90 per cent of all rent advisory boards in the nation have come into balance; that is, have equal landlord and tenant representation with additional members representing public - interest groups. This means that about 600 of the 642 boards throughout the country are now functioning in balance. The balancing of the boards was made necessary by the requirements of the Housing and Rent Act of 1948. To achieve such balance, five-men boards must consist of one landlord representative, one tenant representative and three public - interest representatives, with the same ratio applying to the larger boards.

Other members of the San Mateo Rent Advisory Board are:

Henry Nadelweiss, chairman, landlord representative; Michael B. O'Connor, public-interest representative; John Cawkwell, public-interest representative.

## WELCOME TO DALY CITY

**New Families moving into Daly City recently include:**

W. Stone, 45 Risel avenue
Theodore Campbell, 1051 Hanover street
H. H. Price, 77 Acton street

## LEGION AUXILIARY IN MEMBERSHIP DRIVE

With the recent state convention of the American Legion Auxiliary behind them, Daly City unit 410 was preparing plans this week for a membership drive. Mrs. Ethel Harris, membership chairman, said that all wives, mothers, sisters and daughters of American Legion members are eligible to join Daly City unit and may call her at DElaware 3-5549.

The local unit has placed two of its members as officers of the 26th District of the American Legion. Mrs. Leslie Hansen is serving as second vice-president and Mrs. Rose Giorni as district marshal. The members took part in an impressive district installation ceremony at San Mateo Legion hall.

New district delegates for the coming year are Mrs. Lillian Felch, Mrs. Minnie Bernardi and Mrs. Vivian Pahlka.

### WATCH THAT WHEELBASE

The car's wheelbase is more than doubled when a trailer is attached, points out the National Automobile Club. This makes a great deal of difference in allowing proper clearance when driving. The added weight, too, makes a very considerable change in the braking effect. To drive safely requires keeping these two points constantly in mind.

**SAVE A DOLLAR**

**You can save a dollar on your subscription to The Daly City Record as a result of a new yearly subscription rate which became effective September 1. The new rate is only $3 for a full year's subscription. Short term rates of thirty-five cents per month, or three months for one dollar, remain unchanged.**

## Off The Record

By Paul Green

California's expanding population poses a lot of problems. There are plenty of people, but sometimes it seems that there aren't enough plumbers or doctors or other specialists to go around.

The plumbers have tried to do something about it. The old saw about the plumber having to go back for his tools doesn't apply any more, what with completely-equipped plumbing shops on wheels, which can be driven to any door ready to do nearly any job. Plumbers have saved themselves a lot of time by seeing that their trucks are properly loaded with parts and supplies. When called on a job, they can not only "diagnose" the trouble, but are prepared to take corrective action without further ado. They anticipate trouble.

It might be a good idea if doctors would try the same system. Instead of relying on a little black bag containing a few instruments and a handful of drugs, the medics could accomplish a great deal more if they only had facilities at hand.

It wouldn't be hard to rig up a "medic wagon" equipped with facilities for minor or emergency surgery, sterilizers, freezer for certain hard-to-keep drugs, etc. and a general supply of medicines and prescription material. Some routine diagnostic tests might also be performed aboard the rig. If the plumbers can do it, the docs should be able to do it better. They'd certainly save themselves a lot of time, and we'll bet it would be a lot more convenient for patients, too.

However, we don't look forward to seeing the idea adopted by the American Medical Association very soon. Probably the most individualistic group in America today is the medical profession. Doctors naturally have to be cautious, and they don't subscribe to quick changes in established routines.

If they did, you should be able to get a doctor as quickly as you can get a taxi. Most taxi-cabs today are equipped with two-way radios and the reason they are is that the speed of modern living demands efficient organization. Doctors should have the same thing; a two-way radio in each physician's car, tied in to a central station operated on a group basis, would contribute to a big saving in each doctor's time — and time-saving short-cuts are the only method by which the medics are going to be able to see more patients.

Failing in this attempt to make more doctors available to citizens with the miseries, our only alternative is to have everybody eat more apples.

## JEFF ELEMENTARY PTA HEARS CHILD GUIDANCE EXPERTS

Parents and teachers of the Jefferson Schools District heard a panel discussion by prominent Bay area psychiatrists, psychologists, psychoanalysts and child guidance experts recently at Roosevelt Junior High School. The discussion consisted of "the facts of life—how, when, why and by whom they should be taught."

In conjunction with the discussion, the sex education film "Human Growth" was shown. A project of the Mental Hygiene Society of Northern California, the film was prepared at the University of Oregon for students from the sixth through the ninth grades.

Mrs. Anne Ingersoll, health chairman for the district reports that the Mental Hygiene Society into the California school system but is simply interested in stimulating a discussion of sex education and health. Mrs. Alice Henry, supervisor of the child guidance cilinic of the San Francisco schools pointed out during the discussion that "before any steps can be taken to teach this material in the schools, it will be of primary importance to train teachers to handle it effectively."

Participating in the discussion were Dr. Norman Reider, head psychiatrist at Mt. Zion Hospital, Dr. Siegfried Bernfeld, psychoanalyst, and Dr. George Sheviakov, professor of education at San Francisco State College.

## No Money! No Car! So Callan Signs Warrant

Claiming he has been bilked $350 on a promise to obtain a n car, Michael Callan, Colma r estate broker and Jefferson e mentary school district trust filed grand theft charges Tuesd against Robert Henry Jorgens, San Francisco used car deal Callan said he received neither t new car nor a return of his mon

Jorgenson, married and the fa er of several children, was tak into custody by S. . Francis police and booked en route Redwood City.

## ra Social Security mbers Will Cause ef In Future

wo heads are better than one, the proverb, but the Social urity Administration points out two social security numbers, too many cooks, may spoil the h.

When you multiply your social rity account numbers, you d a good chance of dividing future benefits," Charles H. ve, manager of the San Fran- social security office said y.

nly wages posted to the account he worker involved are con- ed when a claim is filed. Un- the applicant can furnish a rd of all account numbers he used, some wages on which he has paid social security taxes won't be counted.

Mr. Shreve said that every effort is made to combine all the worker's accounts. Even so, in many cases, the amount of benefit is smaller because wages have been posted to accounts which the applicant has used and on which he doesn't have a record of the number. In rare instances, so much of the worker's wages are credited to these "unknown" account numbers that the total work credits shown on the "known" account numbers are not enough to make any payment possible.

"Future social security benefits can best be protested," Mr. Shreve said, "by asking for a 'duplicate' to replace the card which has been lost or worn out. Never ask for a new card. Remember that one card may not last a lifetime, but one account number will."

# WHERE TO GO, WHAT TO SEE, WHAT TO DO

**Over the Week End Of September 24-26**

An incentive to week-end vacationists and tourists, as well as to all Californians, are the fall fairs and festivals throughout the state. According to the Travel and Recreation Department of the California State Chamber of Commerce the coming week end, Sepember 24-26, offers a wide variety of events typically Californian in nature, with the Centennial as the favorite theme. Events scheduled are listed below:

**San Mateo County Fair & Floral Fiesta, San Mateo, September 24 through October 3**

Tehama County Fair & Horse Show, Red Bluff, September 24-26

Colusa County Harvest Festival and Horse Show, Colusa, September 23-26

Valley of the Moon Vintage Festival, Sonoma, September 25-26

Vallejo Horsemen's Assn. Annual Horse Show, Vallejo, September 26

Richmond Gold Rush Centennial, Richmond, September 21-26

Lafayette Fiesta, Lafayette, September 25

Sacramento Riding Club Junior Horse Show, Sacramento, September 26

20th District Agric. Fair, Auburn, September 24-26

Oakdale Clover Fair & Horse Show, Oakdale, September 25-26

Monterey County Fair, Monterey, September 23-26

Tulare County Fair, Tulare, September 21-26

Barstow Rodeo, Barstow, September 25-26

Pasadena Art Fair, Pasadena, September 24-25

Pioneer Daze Festival, Montebello, September 24-25

Los Angeles County Fair, Pomona, September 17 - October 3

Fifth Annual Circle City Roundup, Corona, September 25-26

San Diego County All - Pinto Horse Show, El Cajón, September 26

## ST. EMYDIUS PTA

The Parent Teacher group of St. Emydius school will sponsor a dessert fashion show in the school auditorium at Jules and De Montford streets, San Francisco, on Thursday, October 21. Mrs. Thomas Delahanty is chairman, according to Georgia Becker, publicity chairman.

**DRIVING VISIBILITY**

One out of five fatal traffic accidents occurs because of poor driving visibility, warns the National Automobile Club. Rainy weather will soon be here to blur your windshield and cloud the highway, so drive with special care and always try to keep your windshield clean.

**SLEEPY DRIVERS**

Falling asleep at the wheel is the reported cause of four out of every hundred fatal driving accidents, declares the National Automobile Club. The actual rate is undoubtedly much higher for the driver is not always alive to tell the tale. If you become sleepy while at the wheel, pull off the road and take a nap, get out and walk around a bit, or at least open up your windows and let some fresh air into the car. Continuing to drive while sleepy is asking for trouble.

## Non-Residents OK For San Mateo City Jobs

Encountering difficulty in filling municipal jobs with city residents, the city of San Mateo has waived residence requirements for a period of one year. Formerly, applicants for city jobs had to live in San Mateo for six months. Successful applicants will be expected to move to San Mateo, "within a reasonable period," however.

Open positions at present are: assistant property appraiser, recreation leader, supervisor of athletics., laborer, custodian and gardener.

## 18 POLIO CASES HIT COUNTY IN AUGUST

With 34 cases of poliomyelitis reported in San Mateo county so far this year, more than half of them, or 18, occurred in August, according to a Health Bulletin issued by Dr. H. D. Chope, county health director.

During August, cases occurred in the following cities: Burlingame, 1; Menlo Park, 4; Redwood City, 4; San Mateo, 1; South San Francisco, 6; East Palo Alto and North Palo Alto, 1 each. Most of the cases reported were children under 5 years of age.

## SERRA HIGH MOTHERS BLAST COMIC BOOKS

The danger of boys reading objectionable comic books was the subject of a talk by Mrs. Thomas Duffy at the opening meeting of the Serra High School Mothers' Club recently. Mrs. Duffy asked the mothers for their cooperation in helping to remove these books from the news stands.

Other speakers were Rev. Vincent J. Breen, principal, and Father Quinn, moderator of the Mothers' Auxiliary.

In its fifth year the school is reported to have been making amazing progress; there are 275 students to date. Ninety freshmen registered this year.

The room mothers for the year are: Freshman class 1A, Mrs. J. Flanagan, Mrs. J. Sweyd, and Mrs. J. Tanner; freshman class 1B, Mrs. C. McDermott, Mrs. L. Furrer, and Mrs. K. McAuliffe; freshman 1C, Mrs. J. Maule; sophomore 2A, Mrs. S. Stebenne, Mrs. R. Heberer, Mrs. R. McLaughlin, and Mrs. G. Simoni; sophomore 2B, Mrs. H. Kruse, Mrs. L. Brianolo, Mrs. G. Alden and Mrs. J. Kidwell; sophomore 2C, Mrs. J. Garibaldi and Mrs. C. Healy; junior 3A, Mrs. J. Atkinson, Mrs. E. Adams and Mrs. A. Mori; junior 3B, Mrs. C. Giacchino, Mrs. P. Jensen and Mrs. G. Volkman; senior A, Mrs. P. Miller and Mrs. R. Greene; senior 4B, Mrs. T. Burns and Mrs. R. Shields.

Room Mothers Special Coordination chairmen are Mrs. M. McHenry and Mrs. R. Bradley.

# Two Parades For Portola Festival In San Francisco

Plans were completed at Portola Festival parade headquarters, this week, which definitely establish that the two parades which will be the highlights of the October celebration in San Francisco, will be the most spectacular in the nation.

The first, a day parade, will be held on the 17th of October, the opening day of the gay carnival week, which will climax the month-long celebration which commemorates the discovery of San Francisco Bay by the famed explorer, Don Gaspar de Portola, in 1769.

The day parade will be participated in by marching and riding groups and bands from the five major western states — California, Oregon, Washington, Utah, and Arizona. Scores of cities and towns have entered floats symbolic of their city and their western heritage. For the first time in many years, the greatest concentration of horses will be found in the Bay city on this day. More than 3,000 steeds will participate in this historic and colorful event.

These horses will be ridden by riding clubs, light horse troops, sheriff's posses and fine horse breeders throughout the west.

Norman Manning, foremost parade director in the country, who is in charge of both parades estimates that there will be more than 15,000 participants in the parade and that it will take more than four hours to pass any given point.

High spot of the parade will be the arrival of the famed Portola Trek which is retracing Portola's original route by horseback from San Diego. Trek is timed to arrive in San Francisco on the morning of the 17th to head the parade.

The second parade will be held the evening of the 23rd of October. It will be a "Grand Carnival Illuminated Parade" and will be without question the most ornate and spectacular illuminated parade ever held in this country.

Scores of richly mounted and gorgeously executed floats, reminiscent of a veritable fairyland of color and beauty, will be the high spots of this parade. Every element in the parade will be lighted in a new and novel manner. They will be idealized fantasies, and will bear such names as "Dante's Inferno," "Once Upon a Star" and "Bird of Paradise."

## 2,400 KILLED

Reminding motorists that last year in the United States there were 2,400 youngsters between 5 and 14 years of age killed in traffic accidents, and an additional 7,150 young people between 15 and 24 years old, the San Mateo County Traffic Safety Commission said there are two ways to prevent such accidents.

1. Watch out for children when driving.

2. Teach youngsters to use the streets safely.

**TEEN-AGE DRIVERS**

Teen-age boys and girls are inclined to be a little on the reckless side when they climb behind the wheel of a car, warns the National Automobile Club. Parents should strive continually to educate their teen-age sons and daughters in the ways of safe and responsible driving, if they want them to stay out of accidents, or stay alive.

**ADVERTISING? — IT PAYS**

About a month ago, Karl Kettler, proprietor of the Relish Bakery, decided there was no use having the best ice cream in town unless he let people know about it.

So he started a series of display advertisements in The Daly City Record and The Daly City Shopping News, emphasizing ice cream with a butterfat content more than four per cent above average at The Relish modern and complete fountain.

**Result:** The Relish reports its ice cream and fountain business has tripled since insertion of the advertisement, proving it pays to advertise.

Karl Kettler also prides himself on his famous cakes, rolls and Danish pastry, which can't be beaten anywhere.

# ACTIVITY CALENDAR

### Friday, September 24

Meeting, Intermediate Troop No. 12, 101 Parkview avenue.

# SAN MATEO JUNIOR COLLEGE AFFAIRS

In its third week of the fall semester, San Mateo Junior College is already booming with activity in its student government affairs, sports, and social affairs.

According to the college, Coach Murius McFadden has 83 stalwarts out for the football team; he and Coaches Lee Bissett and Herb Hudson have been rushing practice in order to have the squad ready for the schedule opener October 1, when the Mateans meet Muir Tech College in the Pasadena Rose Bowl.

Students will hold their Freshman Reception dance in the Coyote Point campus gym tomorrow night. Student officers have promised a fine affair, with dancing from nine to twelve o'clock.

The college adult center is also well under way with enrollment in the evening classes still continuing.

## MUSIC FOR VETS

Birdie Cohen will give an organ recital at the Oakland Veterans hospital Friday at noon, through the courtesy of the American Federation of Musicians.

Call an electrician when any wiring is to be done around the house. Home-made wiring causes many fires.

Never leave an open flame heater burning in a room after bedtime, or when doors and windows are closed.

Keep a supply of 15-amp. fuses on hand; if these burn out repeatedly, call an electrician.

A Monday evening lecture series with Dr. Tully Knoles, chancellor of the College of the Pacific, is being held at the Community hall.

"Present Day Diplomacy" was the subject of Dr. Knoles' talk last Monday night. The lectures start at 7:30 and are open to the public without charge.

# CAL EXTENSION TO START THIS MONTH

With a much expanded series of classes in more than 300 subjects, University of California Extension opens fall classes this month.

Although some classes start during almost every week in the year, the last two weeks in September will see courses beginning in practically every curriculum.

Extension officials say that recent statistics indicate 200,000 persons are taking advantage of the educational opportunities offered by Extension throughout the state. These students who rearrange their living schedules in order to attend classes and complete homework assignments do so, university executives believe, for at least three reasons; they want to advance professionally, to become better, more informed citizens, or broaden their intellectual pursuits.

Classes usually meet one evening a week. They are held at Extension centers at 1730 Franklin street in Oakland; 540 Powell street and 140 Montgomery street in San Francisco; and on the University of California campus in Berkeley. Other groups also meet at the San Francisco Conservatory of Music, and the Temple Emanu-El in San Francisco, and the organ loft of the First Baptist Church in Berkeley. Classes are also conducted in various other communities throughout the state.

For almost all courses offered by University Extension, there are no educational requirements demanded. Any person who can profit by attending a class is invited to register.

Fees for the courses vary. A study of the 68 page catalogue, available at all Extension centers, indicates that thte average for the several hundred courses ranges from $7.50 to $15. First meetings of classes may be attended without charge.

# Old Glory Post In Fiesta Parade

Members of Daly City's Old Glory Post, Veterans of Foreign Wars, will be on hand Friday night to participate in the opening parade of the San Mateo County Fiesta at the Fiesta grounds adjoining Bay Meadows, according to Post Commander Bill Sweeney jr.

VFW overseas caps will be worn, Sweeney said, and the Ladies Auxiliary will join the vets in the parade. The regular Friday meeting of the auxiliary will not be held this week.

# ALICE LOMBARDI IS WINNER OF GENEVA-MISSION QUEEN CONTEST

Miss Alice Lombardi won the Geneva-Mission Merchants Queen contest at the counting of votes last Thursday at the Italian-American Social Club. Miss Lombardi tallied 96,750 votes. Other contestants were Gladys Anderson, 27,300; Jean Rancatori, 12,150; Geraldine Redolphini, 11,600; Dona Pleas, 5,500, and Verna Moresco, 4,400.

Miss Lombardi will be crowned Miss Geneva by George R. Reilly at the Coronation Ball this Saturday at Italian-American Hall, 25 Russia avenue. The honorable Judge John B. Molinari will act as master of ceremonies.

The Queen will represent the Merchants Association aboard a flowered float in the Portola Festival parade on October 17. She had been nominated by Walter Renner sr.

James Smith was chairman of the committee for the contest, assisted by Joe Rossi, Frank Harrison, Ernie Chiotti, Walter Renner sr., Al Wright and Mrs. Walter Renner sr.

## Women Of The Moose Hold Publicity Night

S.F. Chapter No. 739, Women of The Moose, will hold publicity night tonight, Thursday, in the Odd Fellows Building, 26 Seventh street, with Senior Regent Gertrude Koenig presiding. There will also be a class initiation.

Hostess will be Publicity Chairman Florence Bussell, assisted by Junior Regent Vivian Lasko and Elsie Klinger and Daisy Miller.

**WANTED — small furnished apartment; vicinity of Daly City; call JU. 4-5721 or JU. 7-7012.**

## PIGEONS WILL BE SCARED BY 'OWLS'

San Francisco's anti - pigeon campaign is about to enter the psychological-warfare stage, with purchase of "a limited number" of glowering fake owls.

The owls, large cast aluminum affairs with two faces, will be mounted at strategic places on city buildings, Mayor Robinson said. If the sample pigeon - frighteners work, the city will buy more of them. Other users have reported the weird birds "really scare the pigeons away."

Meanwhile, the Society for the Prevention of Cruelty to Animals, asked by city ordinance to trap the pigeons and remove them to an aviary in Golden Gate Park, pointed out that the city had made no appropriation of funds to pay for the job — which is expected to require some time and considerable manpower.

Fire experts say, never leave small children unattended in a house.

## W. L. "Bill" Egan Attends 9-Day Course At Chevrolet School

W. L. "Bill" Egan, sales manager of the Belli Motor Company, Daly City, has returned from The Old Hearst Ranch after attending the Chevrolet Sales Managers' Institute, an intensive nine-day course of training in the newest methods of merchandising automobiles and trucks.

The Institute is Chevrolet's first step in an aggressive selling campaign to prepare for the eventual return of the "buyers' market." At the Institute, the local sales manager was joined by sales managers from approximately 40 other Chevrolet dealerships in this region. The regional meeting is one of several being held currently in all parts of the country, whereby Chevrolet will train approximately 2,500 sales managers.

The "faculty" at the sales managers "school" is composed of members of the Chevrolet wholesale organization who have been carefully selected for their practical knowledge and especially trained to present and discuss all phases of retail selling.

## OLPH MOTHERS CLUB PLANS SOCIAL EVENTS

The September meeting of the Mothers' Club of Our Lady of Perpetual Help School was the scene of a reunion of old friends as well as the occasion to welcome new members. Mrs. Valetta Ennis, president, chose the time to pay respects to the past presidents of the club.

Mrs. Sophie Klingler, first president of the group was present at the meeting; Mrs. Klingler is still one of the more active members of the club.

Other past presidents at the meeting were Mesdames Elsie Tomson, Esther Nolan, Dorothea Brush, Margaret Schreiber and Isabelle Liberti.

Mrs. Eloise McClelland and Mrs. Isabelle Libertie were appointed to head the committee, composed of seventh grade mothers, for the afternoon dessert-whist which will be held Tuesday, October 5, at 1 o'clock.

Other plans discussed at the meeting were a Communion Sunday on September 25 and a Parish Whist to be held the third Friday night of each month. Mrs. Jean Denning and a committee of first grade mothers will be in charge of the whist parties.

Mrs. Esther Nolan, hospitality chairman, and her committee of "graduated" mothers served refreshments after the meeting. The ladies donated the refreshments and asked that the fund usually set aside for this purpose be sent to "Timmy" McInerney, a victim of polio in the San Francisco Hospital. Mrs. McInerney is a member of the Mothers' Club.

The following new members were welcomed by the Mothers' Club: The Mesdames Helen Perry, M. Petie, M. Linhares, Anna Mae Cordellis, Margaret Hooke, Helen McDonough, Mary Petroosdy, Anna Sutter, Norma Baptiste, Dorothy Carrington, and Mary Jane Tielman.

# HI-LITES AT S. F. CITY COLLEGE

By Frank Galo

Making its debut today, this column will be a regular feature of this paper. It is the intention of yours truly to present an impartial view of the world's third largest two-year college.

The present building opened its portals in 1940 to welcome 3,000 students. Now it houses over 5,500 students, more than the total enrollment of USF, SF State, and St. Mary's combined. Its tremendous growth necessitated the change of the name from San Francisco Junior College to the City College of San Francisco last February. (Officially it is CCSF, but students call it SFCC; some still call it JC.)

This column will present the highlight of the week, sports coverage, student government, and social doings. Well, enough of this boring introduction, let's get to football.

### FOOTBALL

Friday night at SF State's Lake Merced field, Coach Grover Klemmer's football team opens their 1948 season with untried Monterey Peninsula JC. Kick-off time is 8 p.m.

The peninsula boys are taking their first crack at football and no one knows what to expect from them while the locals are a T formation outfit. Probable starters for the Rams are Bill Koenig and Roy Poznekoff at ends. Poznekoff, ex-Missionite, returns after a one year layoff. In 1946, Roy made All-Conference end.

Returning veterans Paul Olivier and Neil Gunn will operate from the tackle posts while Ben Albrecht and Don Morettini, the Commerce sensation, will handle the guard spots. Probably starting at center will be Bob Shipp although Bob Bagley is pressing him for starting honors.

The backfield will find either Bob Toquinto or Jack Marcus at quarterback. Toquinto is by far the better passer but Marcus, Mr. Precision, is the better ball handler and more imaginative of the two. Ollie Matson of high school football and track fame will start at right half while veteran Ken Foehr rambles from the left half post. Newcomer Roy Georgie undoubtedly will start at fullback.

Others slated to see much action are Bill Shipp, Lou Pisani, Bob Gilford, Bob Cook, Walt Jordan, Harry Henderson, Bill Marcus, Al Neathercutt, Rudy Smith, Doug Wilson, Jean Rodgers, and Bob Clark. Clark, after flirting with employment and education, decided to continue his studies and go out for football. He may prove to be one of the Conference's top linesmen.

The Rams have a terrific backfield, a strong line, and great leaders in Toquinto and Marcus. The only fly in the ointment is the lack of good reserves in the forward wall.

Coaching the Red and White is Grover Klemmer, truly one of the University of California's all-time greats. This is the same Klemmer who held the 440 track record for twelve years; the same man who ran wild in a Cal basketball suit and was even greater playing football for the Blue and Gold and later for Great Lakes Naval Training Station. Assisting the likeable blond mentor are Bill Fischer, ex-St. Mary's All-American guard; Ralph Hillsman, who has coached basketball, soccer, tennis, and now football in his short two-year stay; and newcomer Roy Burkhead, ex-USF footballer.

### DIS AN' DAT

Although registration took place last week, instruction didn't begin until Wednesday. The main feature of registration week was the fact that the five dollar student cards were selling fast despite the high cost of living.

Roy Diederichsen, boxing and tennis coach, has been named to coach the college's soccer team. Diederichsen, one of San Jose State's top boxers, has achieved a good reputation through his football, soccer, and boxing teams at Lincoln High School.

Phi Beta Delta takes top honors in the social events calendar by presenting the first dance of the yet young semester, next Friday.

### GARAGE PAYS

Union Square Garage in San Francisco has paid $131,000 to the city in taxes and rentals during its six years of operation. Another such garage is contemplated under St. Mary's square.

# BROADMOOR VILLAGE NEWS

By Dorothy R. Levitan

School bells will ring out soon in Broadmoor Village, Vincent J. Murphy, president of the Broadmoor Property Owners Association, said yesterday. The school, which will consist of kindergarten and first grade, will be housed in the new Community Center building in the Village.

The contract with the school board and the Stonecrest Corporation will be signed early next week. Arrangements for the school were handled by Don Carver and the school district.

Lawrence Ward has arranged with County Engineer M. Grant for crosswalks and stop signs to be erected near the school building. These will be installed immediately.

The Parent-Teachers Association has rapidly begun to organize under the leadership of Mrs. Irene Chessman, already prominent in Jefferson School P.-T.A. circles.

For the safety and protection of their children attending the new school, a patrol service of mothers has been established. These patrolmothers will be easily spotted by motorists by the white capes and orange hats they will be wearing. The mothers will patrol all crosswalks adjacent to the school during the time children are entering and leaving school.

Claude Hanrahan, member of the Broadmoor Board of Directors, is to be congratulated for the speedy arrangements accomplished with the Stonecrest Corporation and for the rapid completion and installation of necessary materials for the school.

### OWNERS MEET

After a three-month summer vacation, the safety committee of the Broadmoor Property Owners Association, under the head of Lawrence Ward, director of internal affairs, met this week at the home of Mrs. Viola Murphy. This group is dedicated to enhance the value of Broadmoor property. Projects include such things as a greeting committee for new residents and socials to aid the safety program.

A handy new pamphlet for Broadmoor residents is now being prepared by the parliamentary affairs committee. This booklet will contain Broadmoor Village's articles of incorporation, by-laws, tract restrictions and an accurate survey of questions most asked by new residents. The pamphlet will be ready for distribution soon.

**Village Jottings** . . . . . Everyone is anxiously awaiting the opening of the big new super market on Junipero Serra next week . . . We hear rumors of a kiddies Hallowe'en party in the offing . . . Broadmoor is losing a prominent doctor when the John Sawnins move to San Carlos . . . Mrs. Albert Driscoll has her grandmother, Mrs. Elizabeth Padon of Tulsa, Oklahoma, as a guest in her home . . . New addition to the Bill Merchant family is a baby daughter . . . The county recreation commission is making a survey of Village needs, hoping to get a good-size budget allowance for the tract . . . A Broadmoor Brownie group is being formed for girls 7 to 10 years of age.

## Surplus Bldgs. At Camp McQuaide Go On Sale Saturday

Veterans will have a chance to choose from approximately 200 surplus Army buildings priced as low as $50 at Camp McQuaide, near Watsonville, starting Saturday, September 18, it was announced today by the State Department of Finance, Local Allocation Division.

Under the State War Surplus Housing Program the Department of Finance has purchased the structures for resale to certified veterans who are required to use them for housing for themselves and their families, according to H. H. Jaqueth, chief of the local allocation division.

In the $50 (plus sales tax) group are a few hutments, 16 by 16 feet, while other buildings, such as large latrines complete with fixtures, range up to $800.

The largest group are hutments priced from $115 to $150 and measuring 16 by 48 feet. These, Jaqueth said, are perfectly adaptable to low-cost housing and can readily be improved and incorporated into permanent homes.

Most of the buildings are wooden, with tarpaper-over-sheating exterior, board and composition roofs and tongued and grooved fir floors.

Purchasers must make their own arrangements for dismantling and removal of the structures, Jaqueth said. Sales will be on a "first come first served" basis and for cash, plus a small deposit to guarantee removal and site cleanup.

Veterans not already certified as eligible to participate in State sales like the one at at Camp McQuaide were advised by Jaqueth to file applications at once at the nearest county veterans' service office or veterans' service center, taking copies of their discharge with them.

## 'Purple Sage' To Be Burned Off For Grass To Feed Livestock

To improve the west's ability to raise enough meat for its growing population, Federal agencies are attacking sagebrush areas with flame-throwers, to rid ranges of this romantic but otherwise useless plant. The ranges will be replanted with grass for livestock forage.

Experiments on a hardy Australian perennial grass called Harding grass show it to be a vigorous drought resistant, soil - binding growth which will stand up under heavy grazing. Removal of sagebrush and planting of grass may soon change the appearance and economic value of 96,000,000 acres of heretofore useless land in western areas.

## DALY CITY TAILOR IS OLD TIME RESIDENT

Al Zugar, whose tailor shop next to the P. G. & E. office on Wellington avenue is familiar to all, will close at 12 noon Saturdays hereafter, he said yesterday. Week-day hours are from 8:30 a.m. to 6 p.m.

Mr. Zugar has been a tailor for thirty years and is a long-time resident of Daly City, at 421 Vista Grande avenue. With six children in the family, the Zugars are well known in Daly City. Daughters Florence, Lucille and Mildred are now Mrs. Muller, Orlandi and Beecher, respectively, while Peggy is still single. Sons Ed and Jackie round out the family.

A new line of cloth for tailor-made suits at ready-to-wear prices is being featured at Zugar's, together with guaranteed alteration and repair service.

### SMALLEST CAPITAL CITY

Carson City, capital of Nevada, is reported by the National Automobile Club to be the smallest capital city in the United States.

## Ex-Prisoners Of War

Former prisoners of war in San Mateo county will be entitled to special benefits under the terms of a recently enacted Federal law, but will probably have to wait at least several months more before they can even apply for them, according to Floyd D. Granger, veterans service officer.

The War Claims Act of 1948, Granger said contains a section providing for food allowances of $1 a day to be paid to veterans for the period during which they were Axis prisoners.

As yet, however, none of the three members of the War Claims Commission established by the Act has been appointed, Granger pointed out. Since it is this commission which must issue instructions and forms for applying for the benefits, the latter must be regarded as existing only on paper for the time being.

The Veterans Service Office will receive full information on the claims procedure as soon as it is available, he said. He warned veterans, in the meantime, to be suspicious of any private agency or "committee" that offers, generally for a fee, to handle prisoner of war claims for ex-servicemen. No such organization has any official status or favored standing with the federal government, he added.

## Get Special Benefits

## PORTOLA MISSED BOAT

Portola's discovery of San Francisco Bay was actually an accident. He had been charged with going north from San Diego in 1769 to "rediscover and people" Monterey Bay and missed it completely, whereupon after camping within sight of the reaches of San Francisco Bay, he rejectedly turned around and returned to his San Diego base and recorded the expedition as a failure.

## ROUGH DETOUR

Roughest of all detours is that which leads the erring motorist to the emergency hospital, warns the California State Automobile Association.

## CREST THEATRE GOES ON SILVER STANDARD FOR LADIES MONDAY

Free table silverware, that hard-to-get item during the recent war years, will be presented to all ladies attending the Crest Theatre on Monday evenings, starting next Monday, Manager Phil Zenovich announced today.

The complete set, comprising 42 pieces in all, is of Jewel pattern and combines the simplicity of fine taste with a design of grace and craft.

Designed to offer a service for eight, the silverware set includes eight each knives, forks, tablespoons, salad forks and two serving spoons, and is manufactured by one of the leading silversmiths of the nation.

## PHONE-Y POPULATION

In relation to population, San Francisco has about one telephone for every two people, making it the most telephone-conscious city in the nation.

# TELEPHONE COMPANY ADDS MILLION BUT STILL NEEDS 200 THOUSAND

In an expansion unparalleled in its entire history, The Pacific Telephone and Telegraph Company has added 1,000,000 telephones since V-J Day, it was announced by M. R. Sullivan, the company's president, during the course of his welcoming address to the Telephone Pioneers of America at their 1948 General Assembly in San Francisco.

According to Lyle M. Brown, San Francisco division manager of the company, the present rate of telephone growth is three times as fast as before and during the war, when it took the company nine years to add the preceding million telephones. In the past three years, the number of telephones in service has been brought to a present record total of 3,631,917.

Graphically indicative of the way the West Coast population has moved around since the war, the company has installed more than 3,000,000 telephones, and taken out over 2,000,000, in achieving a growth of a million.

Brown said that the company estimates the population gain in the Pacific West, since V-J Day, has been approximately 2,000,000 or 17 per cent, while in the same period the million telephones represents a growth of 38 per cent.

"This impressive record of telephone expansion," Brown went on, "required a huge amount of construction, ranging from the building of hundreds of new telephone offices to the placing of three million miles of new wire. Cable and switching equipment have been added at a record-breaking pace. Some idea of the size of the program may be gained from the amount of new capital required by the company on the Coast. The new money required from investors since V-J Day totals about $400,000,000, equivalent to over half a million dollars every working day —and it has become increasingly difficult to raise such amounts of investors' funds.

"The telephone company's job," he said, "is still far from done. On V-J Day we had one order on the waiting list for every six main telephones in service, while today there is only one order for every 13 main telephones served. There were 300,000 orders for service at the end of the war and although 1,000,000 telephones have been added there are still 200,000 orders to be filled. The orders continue to pour in day by day and month by month, and there could be no more graphic testimony to the growth and prosperity of the Pacific West.

"Here in San Francisco," Brown added, "the increase in the number of telephones since V-J Day has been 72,000. At the end of the war we had 22,500 held orders, and now we have less than 7000."

With her husband at her side, Mrs. James C. Stone, 3401 Franklin boulevard, Sacramento, places the first call over the one-millionth telephone added to the Pacific Coast network since V-J Day. On the other end of the line in San Francisco was M. R. Sullivan, president of The Pacific Telephone and Telegraph Company, who congratulated her on being the recipient of the one-millionth new telephone installed since the war.

## Gasoline Tax Pays For Better Highways

"California is growing smaller, despite the fact that the state occupies the same space on the map and the population is increasing."

That is, California communities have been brought closer together in travel time, as a result of a smooth, well-graded highway system made possible by the State gasoline tax, according to George R. Reilly of the State Board of Equalization.

With less than two-tenths of one per cent of the collections used for tax administration, the gasoline tax has produced in excess of a billion dollars since its inception in 1923, Reilly said. The tax produces more than eleven and one-half million dollars in December, 1947.

## DOLWIG RETURNS FOR CAMPAIGN

Assemblyman Richard J. (Dick) Dolwig returned to San Mateo county today to launch his campaign for re-election at the general election, November 2. The assemblyman has been conducting interim committee sessions on youth problems throughout northern California, and he and his committee expect to meet in San Mateo county in the near future to hear suggestions from local leaders on youth problems.

Before returning home Dolwig attended the convention of the League of California Cities in Long Beach, where he took an active part in studying proposed legislation of interest to cities in the county.

Dolwig headquarters have been set up in Suite D of the Benjamin Franklin hotel in San Mateo by Jack South, former peninsula newspaperman who has just returned from Washington, where he served two years as executive secretary to Congressman Ernest K. Bramblett, 11th California district. South outlined an intensive campaign for Dolwig, stating that a county-wide committee of Republicans and Democrats alike is being organized in his support.

South, who will direct the Dolwig campaign, said that endorsements of Dolwig's service in the Legislature are being received from virtually every representative and responsible group in the county. The assemblyman will be one of the principal speakers at the opening of the San Mateo County Fiesta Friday night.

### TRAVERTINE ROCKS

Travertine Rocks, located just west of the highway from 11 miles south of Indio, are reported by the National Automobile Club to be covered with prehistoric Indian markings and paintings.

## 21,000 DONORS

Blood donations reached the 21,000 mark at the San Mateo County Blood Bank in San Mateo recently when Forrest S. Glazier of Cortez avenue, Burlingame, appeared at the bank for the fourteenth time.

Mr. Glazier will receive the membership pin of the Two Gallon Club after two more donations. He gave his first donation in 1942, three months after the blood bank opened here as a war-time service.

According to reports the peacetime operations of the county blood bank now exceed the peak attained in war years.

### MOTOR VEHICLE PRODUCTION

Motor vehicle production by United States factories in the month of June showed an increase of 27 per cent over May, reports National Automobile Club. During June 312,406 passenger cars, 117,572 motor trucks, and 1,055 motor coaches were produced to make a total of 431,033 units. During May 225,461 passenger cars, 111,789 motor trucks, and 1,281 motor coaches were produced to make a total of 338,531 units. Peak month for postwar production was March 1948, when 492,013 motor vehicles were turned out.

### Europe Heavily Populated

Europe is populous, holding four times America's 140 million in an area only one-fourth larger.

## New 1948 Cadillac Ambulance Service Is Now Available

The most up-to-date ambulance service in the world was available to Daly City and north San Mateo county residents this week, with the location of the Bay Area Ambulance Service at the intersection of El Camino Real and Junipero Serra boulevard. The service can be reached at JUniper 5-3838.

Operating on a 24-hour-a-day basis, seven days a week, William L. Briggs and Arthur W. Brown, owners of the service, will provide complete ambulance coverage. Briggs is an air force veteran of World War II.

A 1948 superior Cadillac will be employed, complete with oxygen equipment and trained personnel.

Specializing in transporting invalids and sickness victims, the new service will also be a valuable adjunct to county emergency ambulance service.

The strategic location of the ambulance will enable it to reach any place in the north county in a matter of minutes.

## Grace Women's Council Meets Next Thursday

The first fall meeting of the Women's Council of the Grace Presbyterian Church will take place Thursday, September 30.

The executive meeting is scheduled for 11 o'clock, according to Mrs. Walter Kesler, president.

The meeting will be an all-day affair; a guest day luncheon at 12:30 will be under the direction of Mrs. John Emerson.

The business meeting at 1:30 will be followed with a devotional by Mrs. Einar Hanson.

Miss Bertha Davie of Oakland will tell of her work at the Ming Quong Home for Chinese girls.

### HEADLIGHT HINTS

Keep your own headlights properly adjusted and the bulbs periodically renewed to make the glare of the other man's lights less dangerous and annoying, advises National Automobile Club. Remember that brightness is not the infallible test for headlight bulbs. If examined carefully, it frequently will be found that they should be replaced even though rather brilliant. The reason is that when the filament becomes bent it throws the beams out of focus and the result is a glaring headlight.

## HI-LITES From Jefferson Union High School

by Carol Donaldson

September 13 marked the end of summer vacation for Jefferson High students. Things were pretty much the same as any opening day in Jeff's history. The same number of "green" freshmen were directed to the swimming pool on the roof and the elevator down the hall. As usual, they seemed utterly defeated when confronted with the impossible tasks of opening lockers and finding new rooms.

An assembly was held in the morning in which the principal, Mr. Hannah, and the student body president, Ray Settrini, greeted the new students. The auditorium was filled to capacity and several freshmen had to stand. The students then went to their home rooms and received their program slips for the new term.

**2-YEAR PREXY**

Ray Settrini is beginning his second year in the office of student body president. Ray has many ideas for the fall term which will be discussed with the executive board before being passed. Besides his executive duties, Ray is Jefferson's first string fullback.

**CLUBS MEET**

Several of the clubs have held meetings to discuss their plans for the new term. The entertainment committee met Wednesday morning. The purpose of this meeting was to further cooperation between the members. Several interested students and new faculty members attended.

The members of the California Scholarship Federation will hold their election in the near future. The requirements for membership are the equivalent of ten points. A's count three points and B's one.

Student body cards will go on sale some time next week. They will be an official design voted on by the students last year. This card entitles the holder to go to school activities for reduced rates, to get the Totem Pole free of charge every Friday, and to be a member of the associated students. No athletic awards can be given to students who do not have cards.

Jeff's first dance of the season will be held Friday night in the auditorium at 8:30. The theme of the dance will be "Welcome Frosh" and the low freshmen will be admitted free. Music will be furnished by Bert Whiting, a favorite at Jeff. The decorations will be blue and gold, the school colors and the background will be a large Block J.

## HEALTH PICTURES

The county Health Department will open a "little theatre" at the San Mateo County Fiesta, at which modern films on health and medicine will be exhibited daily.

# Veterans Weekly News Column

A total of 46,520 veterans received medical or surgical treatment as patients during fiscal year 1948 in the 12 Veterans Administration hospitals in the VA Branch 12 area (California, Arizona, Nevada and Hawaii).

In addition, 22,546 veteran-patients were treated in Army, Navy and private hospitals where the Veterans Administration has beds under contract.

Out-patient treatment was provided by VA for 275,503 veterans with service-connected disabilities during the year. Physical examinations for compensation and pension, insurance and other purposes totaled 340,536.

The demand for medical treatment is increasing each year and is not expected to reach its peak until some time after 1975, VA reports.

Admission to VA hospitals is governed by a priority system, based on law and good medical practice. The priority classifications are:

1. Emergency cases are admitted immediately.

2. Second priority is given veterans suffering from service-connected disabilities. These are disabilities or diseases received or aggravated while the veteran was in service.

3. Last on the list are non-service connected cases, which do not require emergency treatment. These cases are admitted if they certify that they cannot afford to pay for hospitalization elsewhere. They must wait until a bed is available.

Question: May I go to my own doctor for treatment of my disability and have Veterans Administration pay the bill?

Answer: Only if you receive prior VA approval for such treatment or care. Approval is based on the following conditions: (1) you must have a service-connected disability; (2) VA must not be able to provide the treatment in its own hospitals or clinics; (3) travel to a VA station would work a hardship on you. In emergency cases, a veteran may apply to the nearest physician and have the physician notify the VA regional office having jurisdiction over the area.

## MILLBRAE MAY ANNEX LOMITA PARK SOON

Possible annexation of Lomita Park by the newly-incorporated city of Millbrae appeared this week with announcement that the Millbrae city council has set October 5 as the date for a public hearing on the matter.

Declaring that all protests must be in writing, the council announced its intention of calling a special election on annexation of the inhabited area.

## 'CHINESE NIGHT' FOR BETHEL NO. 26 GROUP

An atmosphere of Oriental mystery and intrigue will prevail Friday night at the Mission Masonic Temple, when the Bethel No. 26 Players present "Chinese Night." Three murders and a deaf man will be instrumental in providing an evening of excitement to all members and parents who attend, reports Publicity Chairman Elaine Plasberg.

The presentation will follow a meeting honoring visiting Bethels, beginning at 7:30 p.m.

## Council Of Churches Backs Proposition 14

Endorsement of Proposition No. 14, the California Housing Initiative, by the San Francisco Council of Churches, was announced today by Dr. Hughbert H. Landram, the Council's executive director.

The action was taken at the monthly meeting of the board of directors on recommendation of the Council's civic affairs commission. According to Dr. Landram, "The alarming breakdown of family life, with the increase in divorce, delinquency, nervousness and ill health were among the considerations which prompted our board to endorse the measure.

"In the midst of an overwhelming housing shortage throughout the state comes Proposition No. 14, a humanitarian emergency act which is designed to assist people in the lower income brackets in meeting the need for decent roofs over their heads at prices they can afford to pay. It is based on the tested experience of such states as New York and Massachusetts and should prove to be equally helpful in California."

## NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the Jefferson School District on or before 8:00 P.M., on Thursday, September 30, 1948 for the furnishing and installation of a drain on the Garden Village School Site according to plans and specifications on file in the Office of the School Superintendent, 344 Santa Barbara Avenue, Daly City 25, California.

All bids are to be accompanied by a bid bond or certified check in an amount equal to ten (10%) percent of the bid as a guarantee that the successful bidder will enter in a contract. Upon signing of the agreement this deposit will be returned to the bidders.

The said Board of Trustees reserves the right to reject any and all bids or to waive any informality in the bids.

Prospective bidders may acquire the plans and specifications as well as additional information from James L. Snell, District School Superintendent, Jefferson School District, 344 Santa Barbara Avenue, Daly City 25, California.

# Tax-Payer In Suit Against San Bruno Garbage Contract

A taxpayers suit by Leon Brickbeque, retired San Bruno contractor, may put the San Bruno garbage situation into another uproar.

Brickbeque's suit was filed by attorney Tom Bocci, of the legal firm of Fahey, Bocci and Gallen, Monday in the Redwood City superior court of Judge Edw. Scott, and asked an injunction against the San Bruno city council and the garbage collection firm of Shaukowitch and Magoria against operating under a garbage contract awarded the firm two weeks ago.

The council had awarded Shaukowitch and Magoria a five-year contract for garbage collection in San Bruno, at 90 cents per customer per month. Of this amount, the firm would return 25 per cent to the city. The city's share has been estimated at $14,000 per year.

The San Bruno Voters and Taxpayers Association had protested the contract, contending it should have been granted to the Daly City Scavenger company, which had bid for the work at 70 cents per month. The council accepted the higher bid as bringing in more revenue to the city, despite the fact it would cost individual citizens twenty cents additional per month. A 464 signature petition submitted by the Taxpayers' Association was disregarded in awarding the contract.

The suit charged that F. J. Shaukowitch, a partner in the contract-winning firm, was not eligible to bid on city business, since he is a member of the San Bruno Fire Commission and therefore a part of the city government.

Other grounds alleged that:

**The city council should not have accepted the highest bid; and**

**The published notice of hearing on the contract was not sufficient in that it failed to mention a specific period for which the contract was to cover.**

Shaukowitch and Magori submitted a bid on a ten-year basis, according to Bocci, which was amended to a five-year term by the San Bruno council.

## CORRECTION

Last week The Record reported that "local units of the Parent Teachers Association are entering the second quarter in a century of existence." According to Mrs. Sanford Larson, publicity chairman for the Woodrow Wilson PTA, the above expression applies only to the Woodrow Wilson group.

## SOCIAL SECURITY AIDE HERE NEXT WEDNESDAY

A representative of the federal Social Security Administration will be stationed at the city hall next Wednesday, September 29, from 3 to 4 p.m., it was announced at the city hall Tuesday.

Persons who may have claims under the Social Security Act, or those who wish information on the administration of the act, should contact the federal representative at that time.

## Longer, Lower Kaiser Body Styling Changes For 1949 Features 42

Completely re-engineered for 1949, the Kaiser Special and Kaiser DeLuxe sedans have a new look inside and out.

Forty-two changes — which include a new grille, bumpers, body and fender panels, instrument panel and interior appointments—have given the '49 sedans a silhouette three inches lower in appearance than in former models. The new overall length of Kaiser models is 206½ inches, an increase of 3½ inches.

Horizontal bars which blend with a massive one-piece, wrap-around bumper distinguish the new front-end styling. Incorporated in the grille are extra large parking lamps, with a newly designed "Buffalo-K" emblem on the hood as a part of the chrome grille trim.

An actual overall height of 64½ inches has been maintained in the new models, although stylewise the silhouette appears three inches lower through redesigned, longer-skirted fenders and lower chrome-trimmed rocker panels which are integral with the body.

An exclusive in the Kaiser DeLuxe is a distinguishing chrome script plate on each front fender identifying the color in which the car is styled. Fifteen colors are in the DeLuxe body line.

A new instrument panel dominates the completely restyled interiors of the '49 models. Soft, indirect lighting illuminates the dial-type speedometer and other gauges in which indicators are silicone-treated to eliminate wavering.

Additional innovations in the Kaiser DeLuxe are a custom ash receiver and electric cigaret lighter for rear seat passengers, and front compartment carpeting with rubber pedal and heel pads in colors to harmonize with interior styling.

FRIDAY, OCTOBER 15

Break camp at Fallstitch and move campsite to Burlingame ball park. Trek horses to San Mateo Park, a distance of 8 miles, where horses will be left until evening parade. Portola Party will be transported to campsite for stay during the day, returning to horses immediately after supper for a parade from San Mateo to Burlingame. Parade to start at 6 p.m. Ceremony in Burlingame ball park at 7:30 p.m. Distance of parade, 4 miles.

SATURDAY, OCTOBER 16

Trek into San Francisco to Aquatic Park campsite.

SUNDAY, OCTOBER 17

Parade in San Francisco.

# MUSTANGS LOSE TO SANTA ROSA BONE CRUSHERS, 19 TO 7; PLAY SELMA ELEVEN SUNDAY IN VALLEY

Coming out on the losing end in their first California Athletic League game, the Daly City Mustang football team lost to the Santa Rosa Bonecrushers, 19 to 7, Sunday at Santa Rosa.

Outweighed and out-charged in the line, the Mustangs, trailing 19 to 0 in the final quarter, finally came to life in the closing minutes. Repulsing the Bonecrushers by holding for four downs on the one yard line, the Mustangs started a sustained drive the length of the field in the final minutes and scored in the final minute on a pass from Bob Plyer to Bill Fisher from the fifteen yard line. Plyer passed to Bob Dyer for the conversion.

Gene Vivarelli and Louie Zamaroni Bonecrusher backs, had a field day, romping off long gains and being responsible for all the Santa Rosa scoring.

The Mustangs were unable to unleash an effective offense in the Santa Rosa heat and Coach Harlan Ferrando bemoaned the lack of adequate replacements in his line.

Saturday the local gridders board a bus for Fresno, where they will meet the Selma town football representatives at 2 o'clock Sunday. Little is known about the Selma eleven, this being their first year in competition. It will be a non-league game.

Morgan and Francis, the Mustang standouts on defense, and Tudoni and Plyer in the backfield will carry the Mustang hopes Sunday, with quarterback Al Pettigrew slated for his usual blocking assignments.

## Eagles Auxiliary Has Six Initiates

Six new candidates were initiated into the Ladies Auxiliary of Eagles at a formal candlelight ceremony, recently. Betty White, Louise Smith, Ellen Bray, Irene Maloney, Mable Mollers and Susan Kenny are the new members. Each was presented with a corsage.

Lillian Miller was installed as trustee by Merle Ensmenger jr., past president of the Ladies Auxiliary Aerie 61.

Mrs. A. Hayden and her committee served refreshments on tables decorated with multi - colored flowers.

Big plans are being made for a bazaar to be held October 29 and 30, according to members.

## Recreation Equipment Asked By Broadmoor

Broadmoor Village residents have asked the county government for aid in the purchase of recreational facilities for children in the district. Arthur V. Swift, chairman of the county recreation commission, has received a letter from the Broadmoor Property Owners Association requesting the following:

A volleyball court, horseshoe pits, play apparatus for small children, ping-pong tables, softball and basketball equipment and the services of a part-time recreation director.

The matter will be taken up by the board of supervisors at a meeting next Tuesday in the Redwood City courthouse. No provision was made in the county budget for recreational facilities in this area.

## High School Gym Closed; Pool Will Be Open Again

Until further notice the Jefferson Union High School gymnasium will be closed, Miss Juanita Young announced this week. However, the pool will be open again to the public from 7:30 - 9:30 p.m. on Monday, Wednesday, Friday evenings and Saturday afternoon from 2 - 4:30. Wednesday nights are reserved for ladies only.

## Carl White Is Elected Chief Denner By Scouts

Pack 36 of the Boy Scouts of America made their plans for the fall program at its first meeting last Tuesday evening. Those present from Den 16 were Dick Hopman, Mervin Nenstiel, Robert Pool, Bert White, Carl White and Don Williams.

The boys worked on lapel pins at their weekly meeting Friday; the pins are to be donated to the Geneva Methodist Church bazaar.

The Den's election of officers showed Carl White, chief denner; Robert Pool, assistant denner; Don Williams, buckskin, and Dick Hopman, treasurer.

## Guest Preacher At Ocean View Church

Rev. Archie K. Stevenson of the First Christian Church, Billings, Montana, will be the guest preacher of the Ocean View Congregational - Community Church this Sunday.

The Disciples of Christ are holding their convention in San Francisco next week and according to Rev. Joseph H. Bennett, pastor of the Community Church, this exchange of pulpits is an evidence of the true unity that should exist between all the churches.

Rev. Bennett will be present at the Worship Hour. Children are cared for during the hour. Sunday school is at 9:45 a.m. The youth group meets at 6:30 p.m.

The church is located on Broad street, two blocks from Sickles avenue near Plymouth.

The Men's Fellowship invite all men to their meeting Friday at 8 p.m. in the social hall. Moving pictures, a speaker, W. Clayton Horn, and refreshments will follow the meeting.

## COPS TAKE YAWARA COURSE AT CITY HALL

Professor F. A. Matsuyama, well-known Yawara expert, put all members of the Daly City police force through his routine of tricks in three two-and-a-half-hour sessions Monday through Wednesday of this week.

Each police officer is now equipped with a "Yawara Stick," a six-inch plastic rod which is used in place of the conventional billy club. Science and speed, instead of force, are the factors used in the Yawara system, whereby a twist of the wrist can send a 200-pound assailant flying across a room.

Except for a few sore muscles and twisted limbs, there were no police casualties resulting from the training.

# NEWS FROM THE SCHOOLS

## CROCKER

The close of the first week of school found Crocker student body buzzing with academic as well as student class activities. Forgotten are the swimming pools, tennis courts, bicycles, and skates!

Planned schedules of class programs were under way by the afternoon of the first day, as teachers opened new vistas to their groups in outlining the coming term's work.

Various social science units for fifth, sixth, seventh, and eighth grades — California Beginnings, The Americas, Early Civilizations, Geographical Study of the United States — are planned to stimulate tomorrow's citizens with an understanding of the world today and an awareness of the problems of tomorrow.

**OFFICERS ELECTED**

Students of the high eighth grade elected the student body officers for this term. The new officers are: president, Jean Eliasen; vice president, Maryann Lund; secretary, Arleen Pool; treasurer, Ann Chorski; class representatives, Carol Clarke and Roland Laureano; sergeant-at-arms, Patsy Kirby and Ronald Dickson.

The school constitution states that when the students reach the high eighth grade, the elected officers automatically become the officers of the student body.

**STUDENTS HELP**

Members of the student body, under the guidance of teachers, worked the Saturday before the opening of school performing many duties which helped to start the year off smoothly.

Student hostesses introduced parents and teachers in order to acquaint the parents with their child's teacher as well as to expedite the enrollment and classification of new students.

Jean Eliasen, Lorraine Bergstrom, Phyllis Blackburn, Carol Clarke, and Arleen Pool were among students who assisted in the efficient opening of the school.

# FATHER AND SON NIGHT THURSDAY AT EAGLES HALL

A program of prizes, movies, fun and refreshments has been lined up by Chairmen Roy Allain and Gus Ford for a Father and Son night to be held by Colma - Vista Grande Aerie, Fraternal Order of Eagles next Thursday at the Eagles Hall, 3346 San Jose avenue.

All Eagles are urged to attend and to bring their fledglings along with them, Ford said.

Moving pictures of the 1947 World Series baseball games and current shots of football teams in action will be featured. The San Francisco Seals baseball club is also expected to furnish a couple of speakers. Peanuts, popcorn and soda pop will go along with the entertainment.

Although the program is ostensibly for the benefit of the sons, the dads usually get just as much enjoyment from it, according to the committee.

## Woodrow Wilson PTA At Information Meet

Delegates of the Woodrow Wilson PTA attended a "School of Information" September 16 at First Methodist Church in Burlingame, at which delegates were enlightened on the duties of their particular offices.

Mrs. Russel Scott, state parliamentarian, was the speaker. She recognized a poem, "Flutterings of a New President," composed by Mrs. Emil Miller, past president of Woodrow Wilson PTA.

Attending the meeting were Mrs. John Sorenson, president; Mrs. Jim Hamilton, adult education chairman; Mrs. O. P. Williams, finance and budget chairman; Mrs. Albert Saarinen, hospitality chairman; Mrs. J. Surber, membership chairman, and Mrs. Sanford Larson, publicity chairman.

## L. A. Visitor Succumbs To Heart Attack Here

An emergency call to Mission Auto Court Sunday was too late to prevent the death of Lewis La Porte, a visitor from Los Angeles.

Rushed to Junipero Serra hospital by policemen Benassini and Walsh, Mr. La Porte was pronounced dead of a heart attack by Dr. L. A. Drees.

The body was taken to the W. C. Lasswell mortuary.

## CAN THIEF AGAIN

Daly City's meanest thief—perhaps the same one who purloined a garbage can on Los Banos avenue last week — must have a mania for garbage containers.

This time he was operating on Hanover street, where a resident reported a can of garbage, contents and all, disappeared in the wee small hours of the morning. The thief aws requested to keep the garbage but return the can by Mrs. Virginia Costanza, of 1112 Hanover street.

## POLICE DEPARTMENT BUYS THIRD PLYMOUTH

The Daly City police department was sporting a new Plymouth sedan from the James E. Donahue company this week, making the local force a 100 per cent Plymouth operation so far as cars are concerned.

The new car was purchased as part of a replacement program adopted by the police commission whereby police auto equipment will be replaced at least every two years.

## Bertettas Visit Long Beach For Convention

Councilman Fred Bertetta and Mrs. Bertetta flew to Long Beach Saturday morning to attend the annual convention of the League of California Cities which was in session Sunday through Wednesday.

Representatives from nearly every city in the state were in attendance at the meet, to hear experts on city planning and legislation expound on the problems of municipalities.

## DEMOS RALLY

Frank Garibaldi of Colma, former member of the San Mateo County Democratic Central Committee, attended the open air meeting for President Truman last evening at San Francisco's Civic Center. An active Democrat, Garibaldi was invited as a San Mateo county representative by Truman-Barkley headquarters.

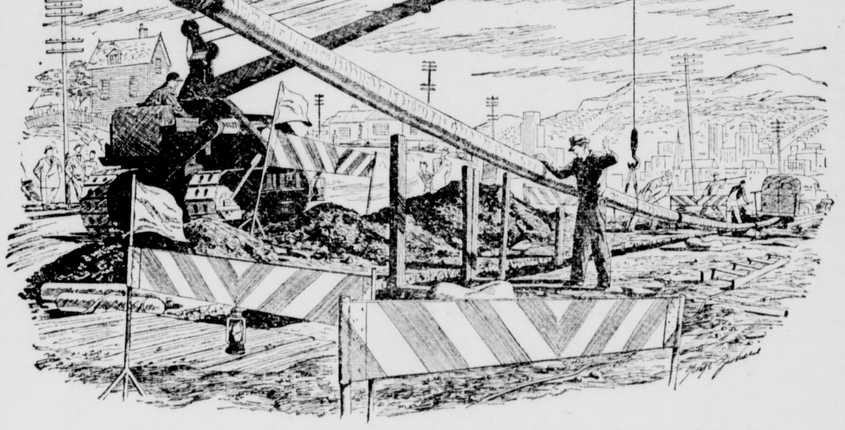
New gas-packed pipe carries huge voltages under city streets



**On busy San Francisco streets** motorists soon will be driving over 110,000 volts. They won't know it, of course. For the tremendous voltage will be safely transmitted in a new underground power-carrying cable, with a new insulating feature ...nitrogen gas held at 200 pounds pressure within a heavy steel pipe jacket. Pacific Gas and Electric Company crews are rushing construction of the first eighteen miles of this new underground cable in San Francisco. It is just part of our program to bring you an ever-improving electrical service.

**More power than ever** before can be carried underground in this cable. An outer coating of a mineral compound protects the pipe against moisture. The actual insulating job is done by oil-filled paper cable wrappings reinforced by the nitrogen gas under pressure.

**"Filling stations"** load the nitrogen in the protective pipe . . . and the cable is ready to transmit electricity underground safely. It's another example of how P. G. and E. uses the most modern means to deliver more power to the homes, farms and factories of California.

FOR THE RECORD

If damaged, the cable loses gas pressure to send its own SOS...

P. G. and E. is adding almost two million new horsepower of electric capacity...

It's the nation's greatest power construction program.

*Work never stops on our power-building program*
